

Optimize your Hybrid OR control room!

Offering one view of all information as well as flexible layouts, Nexxis WorkSpot has been designed to improve teamwork and reduce clutter and complexity in the interventional control room. It brings together all imaging sources on a single display, managed by a single keyboard and mouse.

- **Minimize footprint in the control room, reducing clutter and complexity**
- **Manage up to 6 sources from one integrated display**
- **Intuitive interface allows you to manage source selection and define preset configurations**
